Congratulations! You're probably a **Dork!** or a **Nerd!**

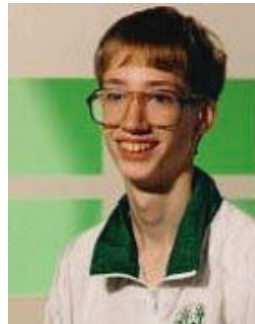

You belong to one of the most overlooked, diverse and LARGEST oppressed minorities.

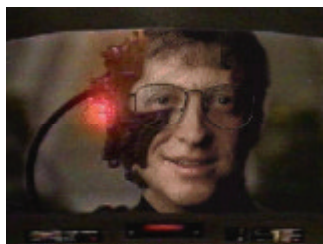

Welcome to the dawning of a new era in human identity politics. The time has come for the largest liberation of human potential since the Civil Rights movements of the 60's and 70's.

The time has come for revolutionary NERD PRIDE! The time has come for a **DORK STRIKE!**

Oppression ? Fashion ?
MegaBucks ? Power ? WAR ?
Social Ladder Climbing ?
Corporate work ?
It's more fun to compute!

have you herd the werd ? the werd is NERD !

Dorks, it's time to unshackle that chip on your shoulder! Time for geek freedom!

(nb. Bill Gates does not represent this movement in any manner whatsoever (except for his haircut.))

DORK CALL 2 ACTION AGAINST THE WTO

Strike against the institution, which more than any other, represents the jock bullyboy of international politics; the World Trade Organisation.

The WTO is continuing to push its agenda of trading rights for multi-national corporations above all else, to the point of extreme and deadly environmental retardedness. Meanwhile working conditions are deteriorating worldwide largely because mega-corps force continual cuts in production costs for the benefit of a few rich jocks.

Dorks, through our own oppression we have been forced to dwell on how power and inequality operates in the schoolyard, workplace etc. We mostly don't blind ourselves as much as others through self-serving rhetoric & we see unfairness more clearly. The WTO melds a self-serving agenda with a neo-liberal philosophy in which money exists as the only acceptable value system, and the market is seen as the only legit place for expression of 'democracy'. This is class A jockshit.

Dorks, nerds, geeks, we need to cease trying for success on meaningless jock terms! We need to work towards worlds where learning, generosity and weirdness are keystones. This isn't a dream it's already a reality for many, so get out there you dweeb!

On November 14-15 the WTO meets in Sydney. Dorks play a vital role in the economy. Most great art and science came from dorks or people with dork qualities. They need us and we can make a difference. This is as good a time as any to go on strike! Don't go to work! Or commit workplace shenanigans! Be a dork and be proud! Come down to the protest in Sydney. All those years spent playing world domination computer games need not go to waste! But lets do it collectively proto-anarchist-dork-strike stylin'. Lamda Lamda Lamda! Nerds you are beautiful!
